### At school your child plays with:

Emma, Sara, Anthony, Abigail, Sofia, Oliver, Kai, Zuri and others in group play.

### What s/he does at school:

Cadence enjoys dressing up and dramatic play, art projects, puzzles, building in the block room, playdo, dancing, musical instruments, singing, changing clothes with Emma, engaging in conversations, painting, drawing, cutting, listening to stories, going to the park and much more!

### General developmental issues:

Cadence is an amazing girl! She is incredibly articulate for her age. Cadence has a sharp memory. She is confident, knows what she wants to do + how to do it. At the same time, she is very playful. Cadence has developed a number of sweet friendships with other children. She is a happy girl!

### Other comments:

It's a delight to see Cadence blossoming! She is very comfortable whether she is doing something on her own or playing with other children. We're happy that Cadence - and you all as a family - are at the Coop. It's been wonderful to get to know Cadence's extended family, too!
